

# Franklin General Hospital Foundation Endowment Fund

## About Franklin General Hospital Foundation

Franklin General Hospital Foundation is a not-for-profit organization dedicated to raising private funds to support patient care. Franklin General Hospital depends on the generosity of individuals and corporations to ensure that FGH can continue to pursue its mission to provide access to high quality healthcare for everyone, including the community's most vulnerable populations.

These important community-contributed funds also help FGH support the development of the health care innovation and technology that allows us to continue attracting highly qualified professionals to meet the health care needs of our community.
