MEMORIAL SCHOLARSHIP FUND

A FUND OF THE

PALO ALTO COUNTY
**COMMUNITY
FOUNDATION**

an affiliate of the Community Foundation of Northeast Iowa

“The memorial is to thank the hospital and their staff for the incredible comfort and care they provided to our parents during their final days.”

JOHN SCHULLER
Son and Fund Founder

Carol and Mark Schuller, Jr. were lifelong residents of Palo Alto County, growing up in Emmetsburg and Mallard respectively. They met as young adults and married soon after in 1952. The couple built their life together on the farm which soon was bustling with eight children. It also became a home to extended relatives, friends, and anyone who sought shelter or a warm meal. There they found solace, love, and a sense of belonging.

Despite never attending college, Carol and Mark were strong believers in both informal and formal education. The set of World Book of Encyclopedia was well worn, swimming lessons were mandatory, the evening news was a staple, and they encouraged and ensured that every one of their children would have the opportunity to attend college.

Carol and Mark spent their last weeks as patients at Palo Alto County Hospital – Mark in 2010 and Carol in 2016. The physical and emotional support they received from the staff while there left a wonderful impact on their family.

In appreciation, the children of Mark and Carol Schuller created this fund to share the gift of education with the staff of the Palo Alto County Hospital. Scholarships will be awarded to qualified staff of the hospital pursuing a healthcare related degree.

“The memorial is to thank the hospital and their staff for the incredible comfort and care they provided to our parents during their final days,” said the couple’s son, John Schuller.
