## About the Bremer County Firefighters Association Special Project Fund

The Bremer County Firefighters Association Special Project Fund, held with the Bremer County Community Foundation, was established to support critical equipment and resources that strengthen emergency response efforts across Bremer County.

This fund benefits all fire departments in the county, ensuring residents, especially in rural and agricultural areas, have access to life-saving tools when emergencies occur.

Funds raised will support the purchase and fabrication of a trailer-mounted emergency response grain vac, along with additional equipment including GSI rescue tubes, a grain rescue auger, brushless drills, scene lighting, and scoop shovels. This equipment will be utilized throughout Bremer County in the event of agricultural emergencies. Grain vac systems play a critical role in preventing rapid, often fatal grain entrapment and engulfment.

In a largely rural county like Bremer County, having access to this specialized equipment is essential

to protecting both residents and first responders, especially during harvest season.
